REPORT OF VALUE ADDED COURSES CONDUCTED FROM 10/01/2022 TO 27/01/2022 ON THE COURSE CALLED GERMAN BOOT CAMP.

Resource Person Name: DR. ANASTASIA KIRITSI

No of students attended: 130

Course Duration : 30 Hrs

Pre-Requisite : None

German Boot Camp" could refer to a few different things, depending on the context:

Objectives :

Language Immersion: Another interpretation could be a language immersion program designed to help participants learn the German language intensively. These programs often involve structured classes, cultural activities, and immersive experiences to accelerate language learning.

Cultural Experience: It could also refer to a program or experience designed to immerse participants in German culture, history, or traditions. This might involve activities such as cooking German cuisine, learning traditional dances, or exploring German history and landmarks.

Depending on your interests, a German Boot Camp could encompass any combination of these elements or focus on a specific aspect. Whether it's military training, fitness, language learning, or cultural immersion, such programs can offer valuable experiences and opportunities for personal growth.

Course Contents :

1. Historical and cultural background of Germany
2. Business Environment and Economic potentials for upcoming Trade and Business in Germany
3. German Business models and opportunities in Germany
4. Assignments - Task – to start a Business in Germany using the Tools and Business Models discussed.
5. Review and learning – presentation by the students using the German Business Models
6. Feedback and conclusion – distribution of Certificates.

Outcomes:

Overall, regardless of the specific focus, a German Boot Camp is likely to provide participants with valuable experiences, personal growth opportunities, and potentially lasting benefits in terms of physical fitness, language skills, cultural awareness, and personal development.

Date: 07/12/2021

REPORT VALUE ADDED COURSES CONDUCTED FROM 20/11/2021 TO 07/12/2021 ON THE COURSE CALLED MENTAL HEALTH.

Resource Person Name: DR. S. R. MANDAL

No of students attended: 130

Course Duration : 30 Hrs.

Prerequisite: None

Introduction

The Workshop on Technical Analysis of Corporate Mental Health is designed to provide participants with a comprehensive understanding of how mental health issues can impact employees within a corporate setting. Through interactive discussions and practical exercises, attendees will learn about the various factors that can contribute to poor mental health in the workplace, as well as strategies for identifying and addressing these issues before they escalate. By exploring and introspecting topics such as stress management, communication skills, and creating a supportive work environment, this workshop aims to equip participants with the knowledge and tools needed to promote positive mental health outcomes among their teams.

Outcome:

At the conclusion of this workshop, participants will have gained valuable insights into the importance of prioritizing mental health in corporate settings. They will leave with a deeper understanding of how organizational culture and leadership practices can impact employee well-being, as well as practical techniques for fostering a more mentally healthy workplace. Armed with this knowledge, attendees will be better equipped to recognize warning signs of potential mental health problems among their colleagues and take proactive steps towards promoting overall wellness within their organizations.

Content:

The content covered in this workshop includes an overview of common mental health challenges faced by employees in today's fast-paced business world. Participants will explore topics such as burnout prevention, resilience-building techniques, and effective approaches to supporting individuals who may be struggling with anxiety or depression.

The workshop will cover a range of important topics aimed at helping participants better understand and address mental health issues within their organizations.

1. It will begin with an overview of the current state of mental health in the workplace, including key statistics and trends.

2. Participants will then be aware and trained to specific strategies for identifying and addressing common mental health challenges that may impact employees; well-being and productivity.

Key bullet points to be covered include recognizing signs of stress, anxiety, and burnout, as well as exploring effective communication techniques for supporting individuals struggling with mental health issues.

In addition to these core topics, participants can expect to learn about various tools that can be used in the workshop to enhance their understanding and application of technical analysis principles in corporate settings. These tools may include -

1. case studies,
2. group exercises,
3. role-playing scenarios, and
4. interactive discussions designed to encourage active participation and knowledge sharing among attendees.

Also, participants will have the opportunity to explore practical ways to integrate these tools into their own organizational practices in order to create a more supportive work environment that prioritizes employee well-being and mental health awareness. By equipping attendees with both theoretical knowledge and hands-on skills through a combination of informative content and engaging activities, this workshop seeks to empower participants with actionable insights they can immediately apply within their respective workplaces to promote positive change towards creating mentally healthy organizations where employees thrive.
