Report on Recycling of Used Materials

As an institution committed to environmental responsibility and sustainability, Regional college of Management Bangalore has implemented a comprehensive waste recycling system on July 05th 2021.

Waste Recycling Infrastructure: Our waste recycling system is designed to minimize environmental impact and promote sustainable practices.

Key features of our infrastructure include:

1. Segregation Bins: Strategically placed waste bins for the separation of recyclable materials (paper, plastic, glass, etc.) from non-recyclable waste.
2. Awareness Signage: Prominent signage and labelling to educate students and staff about waste segregation.

Waste Segregation and Collection: The success of our recycling system is underpinned by effective waste segregation and collection processes:

1. Source Segregation: Students and staff are encouraged to segregate waste at the source, facilitating efficient recycling
2. Regular Collection: Scheduled collection of recyclable materials and waste ensures that the system operates smoothly.
3. Responsible Disposal: Hazardous waste, if generated, is disposed of in accordance with environmental regulations.
4. Sustainability Education: We emphasize the importance of waste reduction and recycling through.

These evaluations help us identify areas for improvement and refine our waste management strategies. Regional college of Management Bangalore is dedicated to the principles of environmental sustainability and responsible waste management. Our comprehensive waste recycling system is a testament to our commitment to reducing our ecological footprint and fostering a culture of sustainability within the campus community.
