Date: 12/12/2019

REPORT ON “Importance of data analytics in real world”

Event Objective:

An MBA in Data Analytics opens up a variety of career opportunities across industries.

1. To understand the importance of data analytics to apply statistical analysis and technologies on data to find trends and solve problems.
2. To inspire the students about the usage of data analytics in real world.

Outcome.

1. The students understood the different technologies applied on data to solve real world problems.

An MBA in Data Analytics equips you with a unique blend of business acumen and technical expertise. This combination is highly valuable in today’s data-driven business environment. By carefully selecting the right program and making the most of the opportunities it offers, you can position yourself for a successful career in data analytics and beyond.
